WORK EXPERIENCE

● Web Developer & Consultant (React + Firebase + NextJS)

SEY LA VIE

January 2022 - Present

Sey la Vie is an ecommerce platform with the purpose to supplement wholesalers and buyers in the Seychelles. The platform offer product catalogs, multi-vendor functionality, instant messaging, SEO and more.

● Mobile App Developer (React Native)

NUUTU

December 2021 - Present

I developed a cross-platform mobile application for a data-free entertainment delivery system based in the Seychelles. My role included front-end development, API integration and management of two React Native developers.

● Tech Lead, Mobile & Web Developer, Consultant (React + Flutter + Firebase)

MIZIK MEDIA LTD

September 2021 - December 2021

I managed a team of four developers to build a music-streaming platform consisting of a user mobile app, admin web panel and an artist web panel. The platform uses automated coupon code generation and ewallet functionality for transactions in purchasing songs.

● Mobile App Developer & Consultant (React Native + Swift + Kotlin)

THRODLE INC.

July 2021 - September 2021

I collaborated and consulted on an international social media platform for automobile enthusiasts. I managed a team of Swift and Kotlin developers using tools such as Trello and Kanban boards.

● Tech Lead, Mobile & Web Developer (React + React Native + AWS)

BUYERS CLUB LTD

November 2020 - July 2021

A cross-platform e-commerce platform with e-wallet capabilities, monetary transactions, order tracking and more.

● Full Stack Developer (React + React Native + Node + Express)

PRO OPTICS

October 2018 - July 2019

I developed full stack web and cross-platform mobile application for Pro Optics from the ground up. This application is built on the MERN stack and is in full production with daily use.

● Lead Software Developer & Founder

MOON PRESENCE

January 2018 - Present

I set up a freelance agency to offer software development, consultation and other IT services to local and international clients.

EDUCATION

● BSc Computing and Information Systems (First Class Honours)

GOLDSMITHS COLLEGE - UNIVERSITY OF LONDON

2014 - 2017
